

## TAH ONMAP Summer Institute 2008

The primary goal of the TAH ONMAP Summer Institute is to offer participating teachers a structured and enriching professional development experience in content and pedagogy on topics related to American History. Throughout the Institute, teachers are encouraged to reflect how their experiences can enhance their curriculum, lesson planning, classroom activities and instructional strategies. Most institute sessions are held in E-221, the Richard Stockton College Library electronic classroom located on main campus in Pomona New Jersey. For directions to campus, visit <http://www.stockton.edu>.
